INDEX OF AUTHORS AND PAPERS

Bagchi, B., see Chandra, A. 169 (1990) 246
Bariev, R.Z., Malov, O.A. and Barieva, N.A., Local magnetization of the two-dimensional Ising model near the phase boundary 169 (1990) 281
Barieva, N.A., see Bariev, R.Z. 169 (1990) 281
Beck, C., Brownian motion from deterministic dynamics 169 (1990) 324
Bedeaux, D., Hermans, L.J.F. and Ytrehus, T., Slow evaporation and condensation 169 (1990) 263
Berger, T., see Ye, Z. 169 (1990) 430

Chandra, A. and Bagchi, B., Collective orientational relaxation in a dense liquid of ellipsoidal molecules 169 (1990) 246
Chen, Z.-Y., High order frequency shift of a particle coupled with a set of oscillators 169 (1990) 237
Curtis, W.D., see Phythian, R. 169 (1990) 292

De Kuijper, A., see Schouten, J.A. 169 (1990) 17
De Oliveira, M.J. and De Toledo Piza, M.S., Stability of the dilute Ising spin glass on a Bethe lattice 169 (1990) 317
De Toledo Piza, M.S., see De Oliveira, M.J. 169 (1990) 317
Deggelmann, M., see Hagenbüchle, M. 169 (1990) 29

Ehrenberg, V., Schaink, H.M. and Hoheisel, C., Pressure and coexistence curve of two- and three-dimensional nonadditive hard core mixtures. Exact computer calculation results compared with scaled particle theory predictions 169 (1990) 365

Felderhof, B.U., Dynamics of hard sphere suspensions 169 (1990) 1

Graf, C., see Hagenbüchle, M. 169 (1990) 29

Hagenbüchle, M., Weyerich, B., Deggelmann, M., Graf, C., Krause, R., Maier, E.E., Schulz, S.F., Klein, R. and Weber, R., Static light scattering by aqueous solutions of rodlike fd-virus particles 169 (1990) 29
Havlin, S., Larralde, H., Kopelman, R. and Weiss, G.H., Statistical properties of the distance between a trapping center and a uniform density of diffusing particles in two dimensions 169 (1990) 337
Hermans, L.J.F., see Bedeaux, D. 169 (1990) 263
Hock, J.L., see McQuistan, R.B. 169 (1990) 342
Hoheisel, C., see Ehrenberg, V. 169 (1990) 365

Kandrup, H.E., How fast can a galaxy "mix"? 169 (1990) 73
Klein, R., see Hagenbüchle, M. 169 (1990) 29
Kopelman, R., see Havlin, S. 169 (1990) 337
Krause, R., see Hagenbüchle, M. 169 (1990) 29

Krüger, J., Effective medium theory of diffusion and chemical reaction in the presence of stationary sinks 169 (1990) 393

Larralde, H., see Havlin, S. 169 (1990) 337
